Prisoners at the Ohio Pen.

Try To Scale Walls of Big Prison

THE GUARDS CAME IN THE NICK
OF TIME

KNOCKED DOWN A "TRUSTY"

And Compelled Another to Set a Lad-
der Against the Wall—Several
Shots Exchanged

Columbus, Ohio, April 21—A desper-
ate but unsuccessful attempt was made
by John McGowan, a life prisoner and
Jesse Grant, a ten year man, both of
Cleveland, to escape from the peniten-
tiary yesterday afternoon.

It was at first thought that a general
outbreak among the prisoners had
been planned and a riot alarm was
sent to police headquarters. A squad
of patrolmen was hurried to the prison
but their services were not needed.

McGowan and Grant had revolvers,
which had been smuggled into the pris-
on. Walking into a room in the stamp
shop where they had secreted a ladder,
they ordered the half dozen "trusties"
employed there to lie down. Charles
Barnhouse, the only one who did not
obey, was knocked senseless with a
hammer. The two men then compell-
ed one of the trusties to carry the lad-
der to a wall nearby. As they were
about to scale the wall guards appear-
ed and many shots were exchanged,
but none took effect.

McGowan and Grant were finally
taken into custody and placed in soli-
tary confinement.

TRIED IT IN NORTH CAROLINA.

Wilmington, N. C. April 21—Twelve
convicts, three of them white men,
made a desperate dash for liberty yester-
day, just as they were leaving the
stockade at Castle Haynes, six miles
from here. One negro was killed and
a white man and a negro were wound-
ed. Both of the wounded escaped.
Four were captured by a posse that
has been scouring the country all day
and late tonight the officers believe
they have the remaining seven sur-
rounded in a thick swamp.

PLATT CRIED

WHEN SENTENCED TO PRISON BY
THE JUDGE

Former Township Treasurer in Cosho-
cton Fined \$7952.50 and Sent Up
for a Year.

Coshocton, Ohio, April 21—Charles
Platt, former treasurer of Linton town-
ship, was brought before Judge Max-
well late Monday afternoon and sen-
tenced to one year in the penitentiary
and fined \$7,952.50 double the amount
of his embezzlement on the count for
which he was convicted.

The scene was a very affecting one.
Platt pleaded guilty, but when sentenc-
ed was broke down and wept like a
child.

Judge Maxwell discoursed at length
and delivered quite a dissertation on
the negligence of the township officials
in not having required a settlement
with Platt long ago, before the discre-
pancies became so large.

ESTATE

Of Senator John Sherman Will be
Kept Intact by Heirs for Ad-
vantageous Sale.

Mansfield, Ohio, April 21—Senator
John Sherman's residuary legatees,
Mrs. Mary McCallum, of Washington;

the heirs of the late Henry S. Sher-
man of Cleveland; P. T. Sherman of
New York; Charles M. Sherman of
Chicago; Hoyt Sherman, Jr., of Salt
Lake City, and Charles H. Sherman,
of San Francisco, have formed under
the laws of New Jersey the John Sher-
man Estate Company, the object being
to hold intact all of the deceased
statesman's real estate in and about
Mansfield and Findlay until it can be
disposed of most advantageously.

Each of the beneficiaries has stock
in the company to the amount of his
interest in the estate. In the coun-
ty recorder's office was filed a deed
from A. C. Dunstin, guardian of Geo.
B. Sherman, minor son of Henry S.
Sherman, deceased, conveying to the
John Sherman Estate company the one
eighteenth of Sherman's real estate in
Richland and Hancock counties. The
consideration was \$4,775.

Former Congressman Kerr, one of
the executors of the Sherman estate,
says the Mansfield real estate amounts
to about \$100,000. The Senate at
one time refused \$125,000 for the Find-
lay real estate.

AGED SURVIVOR

Wood County Man Who Was One of
the Founders of Young Men's
Christian Association.

Toledo, Ohio, April 21—Thomas W.
Knight, Sr., aged 83, who is spending
the declining days of his life with his
son, Dr. Thomas W. Knight, Jr., at
Portage, Wood county, is one of the
original members of the Young Men's
Christian Association. In fact he and
George Williams, then grocer's clerk
and draper's clerk respectively, estab-
lished the first organization of the kind
in London, in 1844. Messrs. Williams
and Knight got together ten other
young men and started the now great
organization with 12 members.

Notwithstanding the fact that he is
one of the organizers of the work, Mr.
Knight has never seen a modern Y. M.
C. A. building with its various depart-
ments for moral, social, mental and
physical development. The organiza-
tion to which he belonged was for re-
ligious and social betterment, but the
hope that it would develop into what
has never entered the mind of Mr.
Knight, who is one of three survivors
of the original twelve.

KING EDWARD

Prostrated as a Result of Fatigue Inci-
dent to His Long Trip—A Rest
is Ordered.

Rome, April 21—News has reached
here that King Edward is so prostrated
as a result of fatigue incident to his
long trip that his physicians have be-
come alarmed and are hurrying his de-
parture from Malta. His majesty has
been ordered to take four days' rest
aboard his yacht at Naples before com-
ing to Rome. He will remain at Na-
ples incog. and will not leave his
yacht.

Fell Four Stories.

Indianapolis, April 21—Little Mar-
jorie Stahl, daughter of Mrs. Benja-
min Stahl, living in the Magnolia
apartment house, while leaning out of
the fourth floor window, lost her bal-
ance and fell to the sidewalk. The
little tot struck a telephone wire in
the descent, which diverted her to an
awning, off which she rolled to the side-
walk. Beyond a scalp wound the child
escaped serious injury.

Bonilla Now Reigns.

New Orleans, April 21—Bonilla is
now president of Honduras. Arias is
in prison at Tegucigalpa, and Sierra is
a fugitive in Nicaragua. This was the
information received by the Times-
Democrat from Honduras.

Wholesale Poisoning.

Gallipolis, Ohio, April 21—Many
dogs were found dead in all parts of
the city this morning as the result of
wholesale poisoning. Eight were
found in one square. Among the num-
ber were valuable bird dogs owned by
Captain S. A. Dunbar, S. M. Cher-
ington, Hayer Davis and Ed Deane,
doctors.

SORRY

She Did Not Kill the Widow.

Jealous Wife Shot Her Husband

AND IS GLAD THAT HE WILL
NOT LIVE

TOM BAKER'S SISTER-IN-LAW

Was Marked for Slaughter but Mrs.
Farice Duff Was Locked up
Too Soon.

Grandon, Wis., April 21—With his
goodby to another woman on his lips
Farice Duff of Frankfort, Ky., was shot
and fatally wounded by his jealous
wife in front of the residence of the
woman upon whom he had been call-
ing, and lies at his home in a dying
condition with a bullet from a heavy
revolver lodged in his back.

Mrs. Duff had suspected that her
husband was paying attention to a
young widow, also of Kentucky, who
had been keeping house for a man
named Peckel on Lake avenue, the
principal street of the town, for some
weeks, and, assisted by her brother,
shadowed him when he went out in the
evening. Her suspicions, she says,
appeared to be confirmed by his acts.

Making certain that he was with the
widow, she stationed herself outside
the house and waited. Duff bade the
widow good-night at 11 o'clock, and as
he stepped out upon the sidewalk his
wife, who was stationed in the shadow
of a building a short distance, raised a
.44 calibre Colt revolver and fired. The
half-ounce ball struck just below the
heart, and the wounded man, with a
cry of pain, ran down the street, escap-
ing another shot sent after him.

Half running and half staggering,
Duff attempted to reach Paris's res-
taurant, but fell in front of Zilkowski's
barber shop. Mrs. Duff followed her
stricken husband into the restaurant,
and standing over him with the big
revolver pointed at his head, demand-
ed: "Do you think you've got enough?
Do you want any more?"

The Duffs and the widow came here
from Kentucky about three months
ago, and the man, who has been a
hard worker in the sawmill, has been
looked upon as a desirable citizen.
The widow is a sister-in-law of the
notorious Tom Baker, who was shot
to death by officers while resisting
arrest at Bryant, Wis., for participat-
ing in a knife duel.

In the jail Mrs. Duff said she was
not sorry for what she had done and
that she was glad her husband would
not live. Her only regret, she said,
was that she had been arrested when
she was in the restaurant, as had he
been allowed her liberty till morning
she might have been able to have "got
that woman, too."

Lindley Re-elected.

Hamilton, Ohio, April 21—At the or-
ganization of the Board of Education
last night Miles D. Lindley was elect-
ed president by the unanimous vote of
its ten members. Mr. Lindley has
been a member of the school board
for the past 20 years, and the latter
10 years the president of the board.
Hamilton public schools rank first
among her sister cities in Ohio, and
this enviable position in a large meas-
ure is due to the careful attention
President Lindley has given the
schools in the selection of its corps of
educators.

The board re-elected Fred Gradolf
clerk at \$600 per year, and Jacob Sipp
treasurer. Dr. A. L. Snedley was
elected a member, vice C. F. Eichorn,
resigned.

MANY KILLED

IN HARD FOUGHT BATTLE FOR
POSSESSION OF CITY

Valquez' Troops Shelled the Insurgents
at Santo Domingo Damaging Sev-
eral Houses Monday.

Santo Domingo, April 21—Troops of
the government shelled Santo Dom-
ingo and damaged several houses. The
government soldiers attacked the city
in force at several different points yester-
day and the fighting lasted for one
hour.

The government troops sustained
heavy losses, General Cordero, minis-
ter to the interior, General Alvarez,
governor of Puerto Plata, and General
Quesada being killed. Over 100 gov-
ernment soldiers were killed or wound-
ed, and the forces were obliged to
withdraw.

The revolutionists made several
prisoners and captured horses and
ammunition. Their losses were
slight. President Vasquez narrowly
escaped being shot.

The rebel gunboat Independencia has
returned and it is reported that Gen-
eral Navaro with a quantity of ammu-
nition has landed near Monte Cristi.
The revolutionists are surrounding
Monte Cristi.

POINTERS

Given Elkins, They Assert, by Which
He Made Millions—The Senator
Sued.

Washington, April 20—Senator Ste-
phen B. Elkins of West Virginia, is
made defendant in a suit at law for
\$500,000 filed in the District Supreme
Court by Robert Burton and George
A. Dubruell. The declaration in the
case alleges that Senator Elkins em-
ployed the plaintiffs in November, 1901
to procure for him certain information
plans, data and legal opinions con-
cerning the Western Maryland rail-
road company, for the purpose of aid-
ing him to acquire a controlling inter-
est in that company. He proposes to
pay them for services rendered him or
his business associates in this matter,
provided he obtained a controlling in-
terest in the road. The declaration
averts that they accepted the employ-
ment on these conditions, and from
time to time furnished the defendant
certain information at the expense of
much time and great labor, and also
transmitted legal information, etc.,
which assisted him in securing the
controlling interest in the company.
When, however, they requested com-
pensation for their services, Senator
Elkins, it is asserted, failed, and neg-
lected to pay them. It is declared
that after the Goulds had acquired the
Western Maryland, Messrs. Burton
and Dubruell demanded their share,
but that Senator Elkins refused to
pay, although he had made millions
out of the deal.

PRIZE

Promised by Rockefeller for a Reli-
able Consumption Cure Claimed by
Herr Schneider.

Berlin, April 21—The noted chemist
Robert Schneider, who is known to
have been experimenting with tuber-
culosis bacilli for years, claims that he
now is entitled to a prize that John
D. Rockefeller promised to pay to any
one who invented a reliable consump-
tion cure. Many announcements of
infallible consumption cures have been
made here previously ever since Pro-
fessor Koch's discovery, so that med-
ical men have become extremely skep-
tical toward any new claimant, but
Herr Schneider's standing among men
of science here is so high that it is
considered extremely unlikely that he
would endanger his reputation by a
false claim. He is a representative
of New York, and his discovery con-
cerning his discovery can be made
until the report is in the hands of
the Rockefeller foundation.

copy of a day paper from New York
last night.

BRIDE

Elect Is Widow of Mr. Rutherford

Second Life Companion Is Chosen.

A MODIFICATION OF DIVORCE DE-
CREE SECURED

SO AS TO PERMIT WEDDING

Confirmation of Advocate's Dispatch
Yesterday Announcing the Ap-
proaching Marriage.

New York, April 21—The news from
Paris that William K. Vanderbilt is
soon to marry Mrs. Lewis M. Ruth-
erford of New York, was confirmed to-
day by Oliver Harriman, Jr., brother
of Mrs. Rutherford. Mr. Harriman
would not say how long the engage-
ment had lasted or when the wedding
would occur.

New York, April 21—Mrs. Lewis M.
Rutherford is the woman whom Wil-
liam K. Vanderbilt will lead to the
altar one week from Wednesday.

This is declared positively on the
highest authority despite cable de-
nials from Mr. Vanderbilt. The com-
ing marriage of Mr. Vanderbilt was
widely the Advocate yesterday, but at
that time the bride elect's name was
unknown.

It is to be borne in mind, in connec-
tion with these denials, that the cable
inquiry to Mr. Vanderbilt connected
his name with a Mrs. Ingraham, and
it was in response to this that he cab-
led back a denial, adding that all re-
ports of his contemplated marriage
were premature, and, moreover, that
verifications of such reports must
properly come from the woman con-
cerned.

It can be said, however, on the same
reliable authority that enabled your
correspondent to state that Mr. Van-
derbilt would take a second wife, that
Mrs. Rutherford is the life companion
whom Mr. Vanderbilt has selected.

Mrs. Rutherford is the widow of the
late Lewis M. Rutherford, and a sis-
ter of Oliver H. Harriman, Jr. She
is wealthy, and has been married twice
before. The wedding will be cele-
brated at the residence of Hon. Henry
White, secretary of legation at Lon-
don. Mrs. Rutherford and Mr. Van-
derbilt are at present guests at the
Whites, Mrs. White being a sister of
the prospective bride's late husband.

Direct confirmation of the announce-
ment of Mr. Vanderbilt's approaching
marriage was given when, though all
the members of his set in this city de-
nied all knowledge of the affair, Mr.
Vanderbilt's legal representative ap-
peared before Justice Giegerich, in the
Supreme Court, and secured a modifi-
cation of the decree of divorce secur-
ed by the millionaire's first wife, per-
mitting him to marry again. No an-
nouncement in years has occasioned
more surprise in social circles or pro-
voked more discussion than the news
of Mr. Vanderbilt's contemplated mar-
riage.

Mrs. Rutherford's first husband was
Samuel Sands. On June 16, 1890 her
husband having died in the meantime
Mrs. Sands was married to Lewis M.
Rutherford, Jr.

The marriage was celebrated at St.
George's, Hanover Square, London,
and Mr. Brookholme Cutting acted as
best man.

Mr. Rutherford died in 1901.
Winthrop Rutherford and Rutherford
Stuyvesant are brothers of the late
Lewis M. Rutherford. Rutherford
Stuyvesant changed his name from
Stuyvesant Rutherford in order to in-
herit a large fortune from the Stuy-
vesant branch of the family. He mar-
ried the Countess Warren last June,
the ceremony being performed in Lon-
don in the presence of his sister, Mrs.
John Rutherford.

Mr. and Mrs. Stuyvesant spent last

winter in this city at the old Ruth-
erford mansion in East Fifteenth street.
Mr. Stuyvesant's first wife, who
died a number of years ago, was Miss
Mary Pierrepont.

Winthrop Rutherford married Miss
Alice Morton, daughter of former Vice
President Levi P. Morton.

DIVORCE DECREE

Modified to Permit William K. Van-
derbilt to Marry Again.

New York, April 21—An order has
been signed by Justice Geyrich in the
Supreme Court permitting William K.
Vanderbilt to marry again.

The order modifies the decree obtain-
ed by Mrs. Alva E. Vanderbilt in 1885
by which Mr. Vanderbilt was forbid-
den to marry within the life of his di-
vorced wife.

The application for the order was
supported by affidavits made by United
States Senator Chauncey M. Depew
and E. V. W. Rossiter and sets forth
the fact that Mr. Vanderbilt is now in
Paris, France, and that he is desirous
of forthwith contracting another mar-
riage.

MYSTIFIED

Are the Doctors and Patient Alike by
the Strange Disappearance of
False Teeth.

Bellefontaine, Ohio, April 21—Chas.
Wilgus, aged 60, of West Mansfield,
had two sets of false teeth, one set for
the upper jaw and the other for the
lower. Sunday night Mr. Wilgus went
to bed with both sets in his mouth,
as was his custom. In the morning he
awoke, the lower set was gone.

He suffered a strange choking sen-
sation in his throat, and thought he
could feel the teeth lodged there. A
physician was summoned hurriedly,
and he advised that the man come to
this city for an X-ray examination.

Mr. Wilgus was driven to the City
Hospital here, where an examination
was made. Physicians thought they
could detect something in the throat,
and an incision was made, but no teeth
were found. The quest was abandon-
ed, and Mr. Wilgus was sent home
more comfortable, but still mystified
as to where the missing teeth could be.

ENJOYED

Serving Criminals Hanged—Edward
Groom Dies in New Jersey Aged
105 Years

New York, April 21—Edward Groom
the oldest man in New Jersey, is dead
at Mt. Holly, N. J., at the age of 105.
He had been ill for only a few days
and this was the first time in his life
that he required a physician. He had
a peculiar mania for attending hang-
ings and held the record for having at-
tended more hangings than any other
man in the United States. He had
seen more than 30 hangings and as-
sisted the officers in many cases on the
day of execution.

Mr. Groom was fond of begging
money for bells and in this respect he
was always successful. Through his
efforts bells were supplied the Baptist
and Trinity churches, the Good Intent
and Union Fire companies of Mt. Hol-
ly. He secured funds for the purchase
of and raised bells at Mt. Holly, Lum-
berton, Pemberton and Long Branch.
One of his last requests was that
the church bells and fire bells be tolled
in unison 105 times, one for each year
of his life. The funeral will be held
tomorrow afternoon, when his request
will likely be complied with.

Mr. Groom expressed a desire for
an old fashioned funeral, expressing
preference for a kite shaped coffin,
without handles, and to be carried on
a bier. He was much worried before
death because of the incurrence of a
doctor's bill.

Mr. Groom was a particularly spy
man for his age, engaging only a few
months ago in flirtations with a man
who had almost reached the century
mark in years. Offense at a remark
made by the latter person aroused Mr.
Groom to action and he fought with
bare knuckles on one of the business
thoroughfares of Mt. Holly, in a few
minutes compelling the offender to cry
quits.

COURT

Gives "Al" Adams the Limit

"Policy King" is Sentenced Today

GAME THAT ROBBED POOR AND
DEPRIVED THE WEAK

SATISFIED WITH THE VERDICT

Judge Scott Said He Could Not See
Why Adams Should Not Suffer
the Full Penalty

New York, April 21—"Al" Adams,
known all over the country as "the
Policy King" who was recently con-
victed of the charge of conducting a
policy game, was brought up before
Judge Scott in the criminal branch of
the Supreme Court this morning for
sentence. The judgment of the Court
was that Adams be confined in state
prison for not less than one year and
for not more than one year and nine
months and to pay a fine of \$1,000.

In passing sentence Judge Scott said:
"I am quite satisfied that the jury
could have rendered no other verdict.
You have for years been a persistent
law-breaker, and I am more than sat-
isfied that you have been the mainstay
and chief of this miserable game which
deprives the weak and robs the poor."

"When the legislature fixed the max-
imum penalty for this offense it prob-
ably had in mind the conviction of
such men as you. I see no reason
why the maximum penalty should not
be imposed in your case."

The Slate Fixed Up.

When Boss Cox went to Cleveland last week to confer with Boss Hanna, as to the nominees on the state ticket, the minor Republicans labored under great excitement and scarcely breathed until the conference was over. But now they know the ticket selected and feel considerably relieved. Hanna gets his man Herrick for governor and Cox gets Guilbert, Ellis and all his other tools for the rest of the ticket.

Newark's candidate for Auditor of State, is making an energetic effort over the State and has many promises of support from the smaller cities and counties, but with the Hanna and Cox machine and the two big counties of the State against him at the start, his disadvantage is apparent. There is no doubt that Hanna and Cox have fixed up the entire slate, but the complete announcement may be withheld till the state convention meets. It is plain that the "announcement" of what Hanna and Cox have already agreed upon as to who shall have the various nominations, is all the state convention will have to do in the matter.

There was a time, very pertinently says the Mansfield Shield, when the Republicans of this state nominated their own ticket without dictation from bosses, but that time has passed. Now two bosses meet long in advance of the state convention, apportion the spoils between them and issue a manifesto telling the delegates to the state convention whom they must nominate. It is enough to cause the fathers of the party to turn over in their graves. How much liberty have the Republicans of Ohio? They are as much enslaved as the subjects of the czar of Russia. And the worst feature of the case is that the slaves of Cox and Hanna have sunk into a listless, hopeless state and apparently do not have any appreciation of the ignominy of their condition.

Reference is made to the case of Captain Chamberlin, of the quartermaster's corps in the Philippines, not because an instance of smuggling as extensive and atrocious as is charged against him has vast bearing on the Philippine policy in general, but because he was arrested, and his trial was set for March 12, and not one syllable as to its result has been permitted to escape through the press censor. It is the method exerted by the war department, which is the civil government of the islands, despite the prating about native control increasing, that calls for complaint. General Miles' report on conditions is suppressed, and a smuggling charge of the most flagrant character is apparently hushed up. This may be a variation in the Secretary Root system of concealing delinquencies among officers until two years have elapsed, and then the statutes of limitations can be pleaded and a white emitted about slandering the army.

According to a ruling of Attorney General Sheets all local health officers and other employers of municipal boards of health pass under the civil service system May 4, when the new code goes into effect, whether they were appointed for definite or indefinite terms or at the pleasure of the board.

The Proposed Constitutional Amendments.

At the meeting of the Democratic state central committee, last week, a committee was appointed to look into the matter of the proposed amendments to the constitution and empowered to make recommendations to the committee on resolutions at the state convention which meets at Columbus the last week in August. That committee consists of Charles W. Stage, Cuyahoga county; Judge George B. Oakey of Franklin county; State Senator J. E. Hurst of Tuscarawas county; M. O. Burns of Hamilton county and W. B. Francis of Belmont county. The amendment provide for the classification of property for taxation purposes, the classification of cities, the repeal of the double liability clause of the constitution holding stockholders in Ohio corporations liable for twice the amount of their stock, to give the Governor the power of veto and to give each county at least one representative in the General Assembly, and upon these the committee will report.

Of course no one knows what recommendations the committee will make but if the views of Charles P. Salen, who is Tom L. Johnson's right-hand man, cut any figure three at least will be endorsed and recommended to the resolutions committee. The Plain Dealer quotes Mr. Salen as follows: "I have not studied the proposed amendments very carefully but I am strongly in favor of giving the Governor the power of veto. I am also in favor of the amendment providing for the classification of property for taxation purposes, and I believe I should favor the amendment for the classification of cities, so that the small cities of the State would not be encumbered with the machinery necessary in the large cities. I have heard a good many objections to the repeal of the double liability clause, and I do not know whether I would favor it or not. Nor have I given any thought to the amendment to give each county at least one representative."

As far as he goes Mr. Salen strikes the right cord. Democrats who believe as he does, or who think all five of the amendments should be endorsed by the committee and recommended to the state convention should let their views be known to the above named committee. Letters addressed to Mr. Stage at Cleveland or Judge Oakey at Columbus will be placed before the committee and given proper consideration.

Paine's Celery Compound

EFFECTS A HAPPY CURE

Dyspepsia, one of humanity's most cruel enemies, is effectually cured by the use of Paine's Celery Compound. It's tormenting disease is caused by acute inflammation of the nerves centered about the stomach. In dyspepsia nervous energy is wasted, and the entire digestive organism is deranged. The needs of dyspeptics may be summed up as follows: The great nervous system requires strengthening; the

MRS. ADA COCHRANE

blood now charged with impurities must be cleansed, so that it will flow healthily and in abundance; the stomach, weak and unreliable, must be toned up. Paine's Celery Compound in the springtime will accomplish all that is needed for the dyspeptic sufferer and banish troubles that make daily life unbearable. Mrs. Anna Cochrane, Washington, D. C., says:—

"I have been for years a sufferer from acute attacks of nervous dyspepsia, and during the past winter I heard so much about your Paine's Celery Compound I decided to try what it would do for me. I used less than two bottles and experienced relief almost from the first dose I took. I did not find it necessary to finish the second bottle. I therefore do not hesitate to add my hearty indorsement to the many thousands of testimonials you already have."

GUILTY

Of Murder Grant Hertzog Was Found
at Grafton—Scuffle Started the
Trouble.

Grafton, W. Va., April 21—Grant Hertzog has been found guilty here of the murder of John Russell. The murder occurred Feb. 2, at Simpson, W. Va. Hertzog and Russell engaged in a friendly scuffle, in which the former was worsted. He seized a rifle and shot Russell in the right knee. Russell fled but Hertzog fired a second shot which took effect in his stomach. Russell began to plead for his life, but Hertzog compelled him to raise his hands above his head and kept him in that position for a long time before firing the shot which took effect near the heart.

Chicago, April 21—Mayor Harrison entered upon his fourth term last night.

LOCKOUT

Will Probably be Brief as Other Companies Have Not Joined the Lehigh Valley.

Mahanoy City, Pa., April 21—Failure today of the Lehigh Valley and various individual companies to join the Philadelphia & Reading in locking out the miners encouraged the belief that the lockout will be brief. It is argued that if indefinite idleness were contemplated other large coal companies would be in the scheme. The Reading collieries are still idle today.

Nothing Like Experience.

On truth learned by actual experience does more good than ten experiences one hears about. Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. MAY INDICT

LIEUT. GOVERNOR FOR BRIBERY
OR PERJURY

Unless Lee Appears in Court Within a
Few Days Trouble for Him May
be the Result.

St. Louis, Mo., April 21—It is stated on the best authority today that Lieut. Governor John A. Lee will be indicted for bribery or perjury, possibly both, and officially proclaimed a fugitive from justice unless he appears before the local grand jury within the next few days. Attorney General Crow and Circuit Attorney Folk are said to be tired of waiting for Lee to "come in" and unless he comes soon steps will be taken to send officers after him.

Circuit Attorney Folke and Attorney General Crow joined forces to conduct the legislative inquiry, which temporarily will adjourn this afternoon. During the day an emissary from Lee called on Mr. Folke and said that on an agreement to question Mr. Lee only about the alum deal he would appear before the grand jury immediately. Mr. Folke informed his visitor that he would not promise to restrict himself to any part of the inquiry. Robert E. Lee, in further explanation of his brother's absence, said:

"He will remain away until I think it advisable for him to come back. One reason that he is away is that he does not want to assist the St. Louis grand jury in indicting for perjury certain members of the legislature who have testified before it. My brother is not vindictive, and though these men have proved themselves his bitter enemies he does not want to assist in indicting them."

CROP REPORT

Conditions as Set Forth in the Weekly
Bulletin Issued on Tuesday at
Washington.

Washington, April 21—The weekly crop report of the weather bureau issued today says: Very slow progress has been made with corn planting throughout the corn belt and in the middle and south Atlantic states owing to the cold, wet weather, while dry weather has impaired the stands in the central and west Gulf states. The previously reported excellent condition of winter wheat in the principal winter wheat states continues unimpaired excepting to a slight extent in portions of the upper Ohio Valley, where in some localities it is turning yellow. The seeding of spring wheat is general in all parts of the spring wheat region but the progress has not been rapid in southern Minnesota owing to the wet soil.

Packers' Trust.

Chicago, April 21—Up to noon today John S. Miller, attorney for the packing interests, had failed to file notice of further contest in the federal court against the injunction granted to prevent the packers from forming and operating a trust. District Attorney Eshbach expects the injunction to be made permanent tomorrow morning. Mr. Miller claims he has until 10 o'clock a. m., April 22, before the time limit shall expire, and will not go into court today.

It is an eight column car with rubber tires and everything of the latest design. The enterprise of this well known firm is to be commended. The car was put to use for the first time Tuesday

NOTE FOUND

In Vest Pocket Shows that Huebner
Killed Himself—Had Been Secretly Married.

Logansport, Ind., April 21—The finding of the body of Harry Huebner, a local merchant with three stab wounds in the throat, has brought out a case of mysterious suicide after a secret marriage of three days ago.

Huebner was a member of the hardware firm of Huebner, Shrey & Gates. His body was found at the corner of Line and Boston streets by Miss Rose Montgomery, who stumbled over it in the dark. Her screams soon brought assistance, and the body was removed to his home. Three knife wounds were found in the throat, and the man had evidently bled to death.

Near where the body lay Huebner's pocket knife was found, with the large blade open. It was at first thought that a murder had been committed; as there was no known cause for suicide, but in a vest pocket was found a note reading: "I am under a great strain. I can't understand it." This gives color to the theory of suicide. Huebner was but 32 years of age, and so far as known his business and social relations were all that could be desired.

Half an hour after the finding of his body it was learned that Huebner was married last Thursday night to Miss Elizabeth Young, a woman prominent in the best society in town. The ceremony was performed by Rev. Chas. Deacon, pastor of the Christian church, and he had been cautioned to say nothing about it. The young widow is prostrated by the tragic ending of her honeymoon, and can give no reason why her newly made husband should have taken his life.

Huebner was a prominent Odd Fellow and Knight of Pythias, prosperous in business and generally well liked in the community.

Is a universal remedy. Last year I treated 8,756,000 persons in every part of the civilized world, who were suffering from many forms of disease, such as Constipation, Stomach trouble, Rheumatism, Kidney and Liver troubles, Catarrh, Nervousness and Blood Diseases. 80 per cent were cured. Some Facts About Kid Gloves.
Of course the women think that kid gloves are made out of the tanned skin of kids. Manufacturers have their secrets, and three or four names suffice to designate all finished gloves, yet those who know say that if all the animals which contribute skins could be reincarnated it would be the most remarkable menagerie ever exhibited, and few known animals would be missing. Even the water has been searched and an attempt made to use elkskins. Coltskins from Buenos Ayres, sheepskins from the Cape of Good Hope, ox hides from Calcutta, antelope skins from the Rocky mountains and Mocha sheepskins from Aden, on the Red sea, are perhaps the staples, but moose, musk ox, llama, kangaroo, peccary, water hog and many others lose their identity when they reach the glove.

Saved by a Joke.
Students of Edinburgh university who could not spell fell on evil days when Professor Traill, editor of a former edition of the Encyclopedia Britannica was an examiner.
According to Professor Knight's "Recollections," Professor Traill one day objected to a candidate for graduation, who was a native of Ceylon, on the ground of false spelling.
"Wig," he actually spelled exceed with one "t," said he.
"Well," instantly replied Professor Henderson, who filled the chair of pathology in the university, "you should remember that he comes from the land of the Stucco-ess."

IF YOU ARE A BUYER OF FIRE INSURANCE This May Interest You!

Franklin's Fire Insurance Agency, office first stairway south of Doty House, Newark, Ohio, during the year of 1894 (independent of all other agencies) issued policies in stock companies on monthly payments. At that time this agency thought it was necessary to do so and it proved itself by the business obtained in that way. In the past year this agency thinks in some cases that this old time custom has been abused and has decided (independent of all other agencies) that on and after June 1, 1903, that all policies must be settled not later than the month following their issue, except where special agreement is made at the time the policy is delivered, then assured may have a credit of 90 days. All premiums paid when policy is delivered or if same is brought to office during the month they are issued in, will be entitled to one per cent discount on the amount of premium paid. On June 1, 1903, any policy that has been issued 90 days or more and not paid for, will be canceled on our books. And any part payment of premium paid in excess of what policy has earned for the time it has run will be returned to assured on demand. This agency is not a member of any combine or trust and runs its own affairs and is always on the lookout for the benefit of its customers. No need telling this agency what other agents will do for you. These are our rules and will be strictly enforced. Get our rates and ask your neighbor about our record for paying fire losses, before going elsewhere. Rates as high as any other company. 4-15-01

Superintendent Townsend reported the following teachers as being sick: Miss Harriet Jones, Kate Forry, substitute; Miss May Moore, Miss Tilda Wallace substitute.

Superintendent Townsend also reported the monthly statistics of attendance as follows: Total enrollment, 3785; enrollment during the month, 3110.

Truant Officer J. D. Jones made his monthly report, which was received and filed.

The deed for the school house site in East Newark was presented to the Board by the Clerk, and on motion the same was duly accepted, and the purchase money ordered paid as per contract, to-wit, \$1600 in cash on delivery of deed and \$200 as soon as said grantors have caused the proposed North Vine street to be opened and the parcel of land of which the premises purchased is a part, to be platted and accepted as an addition by the City Council with the streets and alleys.

The following are the superintendent's recommendations:

1. That the program for graduation exercises be entrusted to one person, or committee, completely, with power to act, subject to approval of the Board, instead of being relegated to different overseers and promoters, each acting independently, with ill-defined authority.
2. That the graduation exercises be marked by simplicity. The need of this becomes more and more intense. Gradually, the expenses attending graduation from the public high school have increased, by the introduction of non-essential and extravagant features not officially authorized, until the average outlay for dress alone amounts to at least \$100 for each girl. At this is a conservative of what should be a leading

THE OLD RELIABLE

REMAINS

OF PHILIP RIDENOUR BROUGHT TO NEWARK

Burial Made in Family Lot at Cedar Hill Cemetery--No Charges Made for Interment.

A great many residents of Newark will remember Philip Ridenour, one of the old residents of the city, who, in his old age, died at the County Infirmary some five years ago. Mr. Ridenour was one of Newark's most highly esteemed citizens and the misfortune that overtook him in his old age is only an illustration of what may happen to any one. A few years previous to his death Mr. Ridenour's son, Robert, was also engaged in the newspaper business in Newark, and at the time of his death

was employed as a reporter on the Advocate. Shortly after Robert's death his mother died, leaving Mr. Ridenour alone in the world. Mr. Ridenour at that time possessed a little home on Buena Vista street, but as time wore on the ravages of disease gradually used up his little home, and he was finally taken to the County Infirmary, where he died. Mr. Ridenour, at the time of his death was the owner of a lot in Cedar Hill cemetery, where the remainder of his family was buried, and a monument and head stones had been provided for the members of the family, and a space had been left for Mr. Ridenour's remains, all of which had been paid for out of the proceeds secured from the sale of the little home. At the time of Mr. Ridenour's death, which was caused by typhoid fever, it was deemed advisable to bury his remains in the Infirmary grave yard. Lately a few of his old neighbors and friends in the East End raised a fund and on Good Friday his remains were transferred from the Infirmary burying ground to Cedar Hill cemetery, where they were placed beside his wife and family, thus reuniting the family that had been for so long separated after death. In order to transfer the remains a special permit had to be secured from the state board of health.

Much credit is due Mr. George W. Conrad and C. W. Harrington, who had the matter in charge, and the many friends of Mr. Ridenour will be pleased to know that his remains are now resting in the family burial lot, and also that the last request and desire of Mr. Ridenour to be buried beside his family has been carried out. The kindness of Mr. George Vanatta, the efficient and accommodating Superintendent of Cedar Hill cemetery, and death Mr. Ridenour's son, Robert, was also the trustees should also be mentioned, as no charges were made for Newark, and at the time of his death

ENDED IN DEATH

J. M. Weaver Fatally Hurt at Corning on T. & O. C. Railroad--The Burial Takes Place in Newark on Wednesday Afternoon.

Mr. J. M. Weaver, who for several years was engaged in the oil business in Perry county, and who for a time made Newark his home, died Monday afternoon about one o'clock at the Grant hospital in Columbus, as the result of injuries received at Corning last Thursday evening.

For the past year Mr. Weaver has been employed by the Toledo and Ohio Central railway company at Corning, and on the day he met with the fatal accident he was in charge of a gang of men on the coal dock. The engine was making a dump and in the careless loosening of a latch the load turned and knocked Mr. Weaver off the dock. He fell a distance of eighteen

feet, his head striking a lump of coal, fracturing the skull and rendering him unconscious. He was taken to the Grant hospital in Columbus and remained in a comatose condition until the time of his death Monday afternoon.

The remains will arrive here Wednesday noon and the funeral services will take place at 1:30 o'clock Wednesday afternoon, at the home of Mr. and Mrs. B. F. Fenn, on Riley street, Rev. M. W. Acton, pastor of the Second Methodist Episcopal church officiating.

Mr. Weaver was married a few years ago to Miss Fenn, the Kindergarten teacher.

CITY SOLICITORS

Will Meet at Columbus to Discuss the New Code--Meeting Was Suggested by Phil B. Smythe Of This City.

As lawyers over the state are having no little trouble in construing the new municipal code which goes into effect on the first of May, City Solicitor Phil B. Smythe conceived of a plan a few days ago whereby the cities of the state may have a uniform construction of the new law.

Mr. Smythe addressed a letter to each of the solicitors elect in the 72 cities of Ohio suggesting that a meeting of the solicitors be held in the city of Columbus on Tuesday, April 28, for the purpose of considering the new code and arriving at a uniform construction of the law.

Up to date Mr. Smythe has received answers from more than fifty of the 72 men addressed and in every case the proposed meeting is endorsed and in many of the letters Mr. Smythe is complimented for having suggested the meeting.

Next Tuesday's meeting will be of great importance as the solicitors of the cities of Ohio will get together, discuss the new law and reach an agreement as to the construction of its provisions.

Newark is fortunate to have a wide-awake and thoroughly competent city attorney. Mr. Smythe ranks high at the Licking County bar and he has made a great success of his private practice as well as in his care of the city's interests during his first term as city solicitor. He can be relied upon to do his duty and to do it well.

CHILD KILLED

By a Street Car on North Fourth Street Tuesday Noon.

Little Carl Adams, Gardener Thomas Adams' Six Year Old Boy Was Playing in the Street When the Fatal Accident Occurred.

A terrible and exceedingly sad accident occurred shortly before noon on Tuesday on the North Fourth street electric car line, by which Carl Adams, a bright and interesting little boy was almost instantly killed.

The North Fourth street car was going north, and was in charge of Motorman Hagan and Conductor Gard, when the accident occurred almost in front of Dick Dold's restaurant, at Whittle Point.

It was at 11 a. m., and the primary school had just been dismissed. Carl, the six year old son of Mr. Thomas E. Adams, the well known gardener, who lives on Moult street, had been at school in the North Fourth street building, and was just going home with some of his school mates. The boys were playing in the middle of the street, and had become so interested in their play that they apparently forgot everything else. Just as the car was approaching Dold's restaurant, little Carl, in the excitement of his play, at oblivious to the approaching car, attempted to run across the track in front of the car. It was done so quickly that the motorman had no time to stop the car, which knocked him down and ran over him. He was apparently struck in the head by the car, inflicting a great gash, and then the car passed over and along his left leg and then across the boy's abdomen, almost cutting him in two. Although so terribly injured the little fellow lived half an hour. He was picked up by tender hands and carried into a neighboring house and Dr. D. M. Smith was called, who did everything possible to relieve the little fellow's suffering. But he was beyond all human help and in a few fleeting moments only the lifeless body was left that had contained the joyful spirit of a bright and happy boy. It was with aching hearts that the crushing intelligence was conveyed to the darkened home from which the little fellow had gone out full of life and happiness only a few hours before. The deepest sympathy of the community will go out to the afflicted family.

Zanesville, Ohio, April 21—A partial preliminary hearing of the case against G. W. J. Woltz, the Newark real estate dealer who is in jail here charged with the fraudulent use of the United States mails, was held in United States Commissioner Ed Mayer's office. Assistant United States District Attorney Molineux of Cincinnati was present to represent the prosecution.

Woltz was rearrested on an affidavit which alleges that on or about Jan. 5, 1902, Woltz used the mails to further a scheme to defraud S. A. Hawkins and A. D. McCorkie.

It is alleged that the scheme provided that Woltz, with W. H. Miller and S. E. Struble, a Newark firm doing business under the name of Miller & Struble, were to represent themselves as the owners of certain West Virginia real estate upon which they gave an option to Hawkins and McCorkie, for a consideration.

Woltz, in his defense, claims that he is not a member of the firm, or rather was not at the time the offense is alleged to have been committed.

After a partial hearing the case was continued until April 25.

ARE MADE BY WOMAN TO KILL HERSELF

Mrs. Sep Davis, Knox County Woman, is Suffering from Mental Trouble. Husband Saved Her.

Mt. Vernon, April 21—Mrs. Sep Davis, aged 25, made two unsuccessful attempts to end her life at her home on the Ross Humphrey farm near Union Grove church. Her husband who was watching her movements prevented her from carrying out her intention.

Mrs. Davis is the mother of two little children, one aged three years and the other five months old. Ever since the birth of the last child Mrs. Davis has been suffering from mental trouble.

Two weeks ago she went to Martinsburg, where she was under treatment by Dr. J. F. Shronz. She was to all appearances much better Saturday and on that day joined her family at home.

Sunday she secured a large butcher knife and with this instrument made an attempt to slash her throat.

Later in the day she went to the barn where she tied a rope to a beam and prepared to hang herself.

Steps will be taken to have Mrs. Davis placed in the Columbus State Hospital.

OPERATOR

At Work at His Desk in B. & O. Office Has Narrow Escape from Death. Bullet Missed Him.

Zanesville, Ohio, April 21—While B. & O. Operator Thornton was at work at his desk at Cassels, a small station west of the city, there was a pistol shot nearby on the outside and a bullet crashed through a pane of glass, passing over his head and embedded itself in the wall.

Operator Thornton had his nerve with him and snatching up his revolver hastened outside the office. He saw a man leap from the telegraph tower steps and start to run. Thornton fired at him, but the fellow kept on running. Thornton did not follow the chase, though a few men who arrived tardily on the scene made a full investigation.

The bullet did not miss Thornton by more than two inches.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by con- stitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or im- perfect hearing, and when it is entirely closed deafness is the result, and unless the in- flammation can be taken out and this tube re- stored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. Too Much For the Distance. Racing men tell a story concerning an overanxious horse owner and a particularly conscientious rider. The horse owner had issued full orders as to the way a horse was to be ridden in a coming race to a small negro boy, the only rider he could secure. The original orders then were added to, with previsions for all sorts of emergencies, until the jockey became bewildered.

"Look yere, boss," the boy broke in at last. "Dis yere race is only one mile. I kaint do all you done told me in just one mile."

We are
Cutting
The Carpets
In Price
As Well as
In the Rolls.

Our big Carpet sale made Friday and Saturday the biggest carpet days of the season. It should have—but the quantity placed out on sale of Velvets, Axminsters and Fine High Pile Carpets as well as Ingrains was too much for two days business to cut out entirely. You will understand these are the carpets that have been reduced in quantity by our early spring carpet business, consequently they are the best patterns, for they have cut down first. It's a clean sweep of all designs that have cut, so there is only one carpet of the pattern left. Every day finds the quantity less. So come Tuesday.

10 carpets of Brussels, this seasons shorts, but enough left for one carpet. Some are plain without borders, some have borders. They must be bought with borders or without borders as they are in the sale. All 75c and 85c carpets

50c a yard.

17 Carpets of Velvets and Axminsters, high piled carpets of choice patterns—some of these also are plain, without borders, and some are with borders. These can be made for you into elegant rugs if you want one. They are 30 to 35c a yard under value, and this is the first time we ever offered such carpets at any such values, \$1.10 and \$1.25 values. This will continue on sale one week

For 80c a yard.

10 Carpets, all different designs, some Body Brussels, some Wiltons, some higher piled Axminsters. Formerly \$1.50 and \$1.60 carpets, during this sale

\$1.15 a yard.

Ingrain Carpets.

8 part rolls left of this lot, they are all wool, a little lighter in weight than the full extra supers but very cheap at this price. They are 19c a yard under the regular price

Now 40c a yard.

Come while the sale is big and the variety big.

The Licking township Sunday school convention was held in the M. E. church, Jacksontown, and the house was filled both morning and evening sessions. In the afternoon papers were read on the Superintendent the Teacher and the Pupil. Mr. C. W. Schinn, county secretary, was present at both sessions and made addresses on the Organized Work. His address in the evening was illustrated with a graphic illustration, and the black board. One of the principal events of the convention was the organization of a union teachers meet-

ing. The township contributed two dollars more to county and state work than they were asked for, which shows that they have the organized work in good order. Twenty-four persons sent in their names as prospective attendees at the county convention in Newark, May 18 and 19. The officers elected were the same as last year, Mr. C. E. Franks, president, and L. A. Osburn, secretary.
